

Building a Skilled Workforce for Tomorrow

INCAP
INDIANA CAREER APPRENTICESHIP PATHWAY

INDIANA CONSTRUCTION ICR Foundation ROUNDTABLE

Invest in the Future Construction Workforce

WHAT IS INCAP?

INCAP's mission is to combine classroom education with on-the-job training to prepare Hoosiers for construction careers.

The Indiana Career Apprenticeship Pathway (INCAP) is an employer-led, statewide initiative connecting students to in-demand careers. Through apprenticeships during high school, students gain real-world experience while preparing for both the workforce and continued education—bridging classroom learning with real career pathways.
